- OVER -

Notes:

1. Kits have not been created.
2. Available only through Ford.
3. The difference between 707326X and 707326-1X —707326X uses 30276-1 through -4 shims. 707326-1X uses two of 44849 spacers, and selection thickness of 44848 spacers. 44848 can be purchased separately, or in kit 701133X (which also contains two of 44849). Thickness and cost information are in bulletin AXL-PNI-39, dated December 1, 1997.
4. 707326X supersedes to 708027.
707330X supersedes to 708031.
707281X supersedes to 707362X.
707356X supersedes to 708029 for production only.
707357X supersedes to 708033 for production only.

A handwritten signature in black ink that reads "Joe Hoppe". The signature is written in a cursive, flowing style.
